

DA2 – in a class of its own

The new Plarad Battery Nutrunner

Redefined mobile bolting:
Plarad **DA2**

- Reliable Plarad quality
- Ergonomically optimised handling
- Even slimmer and lighter than its predecessor
- Automatic locking
- Integrated feature that allows free rotation of the motor and handle
- Active battery charge indicator
- Available in 6 sizes up to 4 800 Nm
- Optional: Diagnostic Setting Software (DSS) to lock the power settings and provide tool diagnosis

So would you like to try our new **DA2**?
We will gladly visit you and arrange a demonstration!
